TECHNICAL SERVICES

All Wilcon facilities are equipped to offer low-latency; minimal hops and reduced points of failure. Clients that choose to house their hardware in one of our state-of-the-art facilities have access to highly interconnected network environments, numerous carriers and all major network hubs in the Los Angeles area.

The data center is located on the 4th floor of the Telecom Center LA Building, directly adjacent to the One Wilshire Building on the corner of 6th Street and Grand Avenue in the heart of the "Telecom District" in downtown Los Angeles.
